

Brighton Partners and management have completed the recapitalization of

Colorado Industrial Packaging (“CIP”) designs, manufactures and distributes engineered packaging solutions. The Company serves a diverse base of customers located throughout the U.S. from facilities in Colorado Springs and Denver. The CIP transaction was completed in August of 2022 and represents the first institutional capital invested in the business. Brighton Partners will work closely with CIP management to invest in systems, people and infrastructure, all in support of growth.

Brighton Partners Acquisition Criteria

Investment Type

- Control equity investments of up to \$5 million
- Sellers have the opportunity to “roll” equity
- No growth capital or minority investments

Target Size

- \$10 - \$50 million of Revenue; less than \$3 million of EBITDA

Business Profile

- Industry agnostic, with direct experience in residential and business services, value-added distribution and manufacturing
- Growth via geographic expansion is particularly attractive
- Willing and able to “roll up our sleeves” to help drive growth
- Will go anywhere in the U.S. for the right opportunity; active investments are in Colorado, Michigan, North Carolina, Ohio, Tennessee and Utah
